

KISS RULE

KEEP IT SIMPLE SKEPTIC

Choose simple explanations over complicated ones.

Which explanation is the simplest one? Circle it:

Jamie wants to be a rock star when she grows up. Why?

-  Jamie likes to rock out.
-  Jamie likes to rock out because she needs loud soundwaves to balance out her body's energy centers.
-  Jamie likes to rock out because she needs loud soundwaves to balance out her body's energy centers and align them with a higher quantum frequency.

Jay found a dragon fossil near his house. Why?

-  It was put there by a sneaky wizard to fool Jay.
-  Jay is mistaken.
-  Jay lives in an ancient dragon cemetery.

Angie's mom is at the store buying groceries. She forgot to ask Angie what kind of cereal she wants. She's in the cereal aisle trying to remember if Angie likes Choco-Spllosion or Sugar Punch. Just then Angie texts her: Grab more Fruity Slaps plz. WOW!

-  Angie used "the gift" to read her mother's mind.
-  Angie hacked into the grocery store's security camera.
-  Angie remembered her mom was at the grocery store and knows she didn't ask about cereal this morning.
